

**REPORTING  
UNSAFE WORK  
CONDITIONS**

**ANY PERSON MAY REPORT  
TO BSEE ANY HAZARDOUS  
OR UNSAFE WORKING  
CONDITIONS.**

To report hazardous or unsafe working conditions, or a possible violation, contact BSEE by:

**Phone:** 1-877-440-0173

**Internet:** [www.bsee.gov](http://www.bsee.gov)

**Mail:** U.S. DOI/BSEE  
1849 C Street NW  
Mail Stop 5438  
Washington, DC 20240

**OUR MISSION:**

To promote safety, protect the environment, and conserve resources offshore through vigorous regulatory oversight and enforcement.

**Every Lift is a  
Critical Lift**

- EQUIPMENT CHECK
- COMMUNICATION
- PRIOR TO LIFT OFF
- SWINGING THE LOAD
- LOAD PLACEMENT

## Equipment & Load Check

- Weight Limits
- Load Dimensions
- Attachment Points are suitable for load handling?
- Crane Pre-use completed?
- Rigging equipment inspected
  - ◇ SWL/Serial Numbers/Dates legible?
  - ◇ Proper Method used?
- Possible Dropped Objects?
  - ◇ Loose items/tools
  - ◇ Taglines secured properly
  - ◇ Snag points

## Communication

- How are we communicating?
  - ◇ Radio, Hand Signals, etc.
- Who is doing what and when?
  - ◇ Crane Operator/Riggers /Signalman/Supervisor
- Where are the people?
  - ◇ Lines of Fire / Egress routes
  - ◇ Red Zones
- Is everyone competent and comfortable with their roles?
- If at any time unsure of or don't understand a signal ...

**STOP THE LIFT!**

## Check Before Lifting

- Load rigged to center of gravity?
- Taglines needed?
  - ◇ Number.
  - ◇ Length.
- Adequate # of riggers to control load?
- Is it a dynamic lift?
  - ◇ Current Weather / Wind / Sea State?
  - ◇ Can any components shift the load?
- Side load / angular loading?
- Get explosive/dangerous loads over water as soon as possible.

## Swinging the Load

- Clear line of sight?
- Travel path:
  - ◇ Load and Crane
- Possible obstructions?
- Personnel aware of overhead load?
- SIMOPS in area?
- Lifting over production equipment?

## Load Placement

- Landing area clear?
- Sufficient lighting?
- Diagram of the landing area?
- Smash points?
